Hood's Pills are casy to take, easy to op to. Cure indigestion billiousness. 25c.

Of all the nerve-tonics—omos, celeries or nervines —your doctor will tell you that the Hypophosphites are best understood. So thoroughly related is the nervous system to disease that some physicians prescribe Hypophosphites alone in the carly stages of Consumption. Scott's Emulsion is Cod-liver Oil, emulsified, with the Hypophosphites, happily blended. The result of its use is greater strength and activity of the brain, the spinal cord and the nerves.

ONTARIO'S GAME LAW

You think of Scott's Emulsion as only for those who have consumption or who have inherited a tendency to it. Almost its greatest use is for those whose condition is so impaired as not to be able to get the good they should out of their ordinary food. In nearly every case with these, Scott's Emulsion of Codliver Oil brings back appetite, stimulates digs stion, restores color and plumpness, and controls the diseases of thinness. Book about it, free, Secott's Emulsion of Codliver Oil brings hack appetite, stimulates digs stion, restores color and plumpness, and controls the diseases of thinness. THE BRANT ELECTION

We hear a great deal about purifying the blood. The way to purify it is to enrich it. Blood is not a simple fluid like water. It is made up of minute bodies and when these are deficient, the blood lacks the life-giving principle. Scott's Emulsion is not a mere blood purifier. It actually increases the number of the red corpuscles in the blood and changes unhealthy action into health.

If you want to learn more of it we have a book, which tells the story in simple words

Your cough, like a dog's bark, is a sign that there is something foreign around which shouldn't be there. You can quiet the noise, but You can quiet the noise, but the danger may be there just the same. Scott's Emulsion of Cod-liver Oil is not a cough specific; it does not merely allay the symptoms but it does give such strength to the body that it is able to throw off the disease.

You know the old proverb of "the counes of prevention?" Don't neglect your cough.

Improvements.

During the past few days we have been somewhat "upset" owing to the fact that we have been putting in new floors in our Main Store and Men's Department. We now invite the public to come in and walk on a beautiful hardwood floor, and the more you walk on it, and the quicker you wear it out, the better will we be pleased. Make the store your headquarters when down town whether you want to buy or not. We're always pleased to see you and you will always find something of interest to see here.

FASHIONABLE DRESS MATERIALS.

Plain and Fancy Linens will be much used the coming summer for Ladies' and Misses' dresses. Already we have opened up a quantity of these and have more coming. For Printed Cottons and Silk Materials the styles this season are simply gorgeous. We have coming from Paris, the latest French Printings in Organdies, Dimities, Pongees, Lappets, Grass Lawns, etc., and cam confidently promise the finest showing of these goods ever seen in Belleville. THE END OF OUR SALE—The balance of our Remnants, &c., are now clearing out to make room for new goods daily arriving. Don't forget the special bargains now offered in Embroideries and Boys' Ribbed Hose.

Which would you rather trust? An old, true friend of twenty years, or a stranger? You may have little health left. Will you risk it with a stranger? If you have a cough, are losing flesh, if weak and pale, if consumption stares you in the face, lean on Scott's Emulsion. It has been a friend to thousands for more than twenty years. They trust it and you can trust it.

Let us send you a book telling you all about it. Free for the a-king.

ANOTHER HEAD OFF

We wish we could make everybody believe that promptness is prevention; that there should be no delay when you are pale, especially if a cough be present. The continued use of Scot's Emulsion in the early stages of lung affections does prevent the development of Consumption. THE ST. BONIFACE ELECTION.

THIRTY-ONE YEARS MAYOR.

If we told you that your baby was starving, that it actually didn't get enough to eat, you might resent it. And yet there are thousands of babies who never get the fat they should in their food or who are not able to digest the fat that they do get. Fat is a necessity to your baby. It is baby life and baby beauty. A few drops of Scott's Emulsion for all little ones one, two and three years of age is better than cream for them. They thrive and give on it.
